Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Capital Facilities Foundation, Inc. as of June 30, 2020 and 2019, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis (Unaudited)
Year Ended June 30, 2020

Introduction

The Capital Facilities Foundation, Inc. (the “Foundation”) provides the following management discussion and analysis (MD&A) as an overview of the financial activities for the fiscal year ended June 30, 2020. This discussion, the following financial statements, and the related footnote disclosures have been prepared by management and comprise the Foundation’s complete financial report. The financial statements, footnotes and this discussion are the responsibility of management.

The purpose of the MD&A is to identify significant transactions that have financial impact and to highlight favorable and unfavorable trends. However, this discussion and analysis should be read in conjunction with, and is qualified in its entirety by, the related financial statements and footnotes.

Purpose of The Capital Facilities Foundation, Inc.

The purpose of the Foundation is to enhance The University of North Carolina at Greensboro’s (UNCG) educational mission, including, without limitation, assisting with the acquisition, development, financing, construction, management and operation of capital assets for UNCG.

In 2009, the Foundation Board and UNCG agreed to consider opportunities for the Foundation to facilitate further campus development both within and beyond its current borders by acquiring strategic land identified by UNCG. The ability of the Foundation to act quickly on an acquisition greatly facilitates UNCG’s efforts in expanding the campus by capitalizing on opportunities. It is expected that land acquisitions made by the Foundation will follow one of two paths: 1) The Foundation will go through the process of selling the property to the State/UNCG, reimbursing the Foundation for the purchase and associated costs as authorized by the State Property Office; or 2) The Foundation will partner with developers or contract to develop the property for the benefit of and master-lease to UNCG.

Over the past ten years, the Foundation has completed many projects, including the addition of Spartan Village Phase I and Phase II. In September of 2016, the Foundation acquired three properties to renovate and, subsequently, to accommodate the programmatic needs of the Theatre Department. The total budget for the project is \$4.4 million. This project serves as academic space for the Theatre Department and house functions such as the scene shop, paint shop, prop storage, costume storage, lighting design and acting studio. In addition, the Foundation identified property owned by UNCG to renovate and, subsequently, to accommodate the programmatic needs of identified administrative units. The total budget for the project is \$4.9 million. The renovation of these facilities was required to support space needs related to moving university staff in the existing McIver Building to allow for its demolition and construction of the new Nursing and Instructional Building. These projects were completed in 2018. During the last fiscal year, a property was acquired and renovated on Gate City Boulevard for the Housing Department.

CAPITAL FACILITIES FOUNDATION, INC.
Management's Discussion and Analysis (Unaudited)
Year Ended June 30, 2020

The Foundation expects to facilitate further campus expansion by acquiring strategic land, capitalizing on opportunities in pursuit of the strategic plan and the Master Plan. As of this fiscal year, the Foundation has begun to assist in the activities of Millennial Campus. Millennial Campus is the states designation for geographic areas where anchor system institutions join with education, industry, government, military and other partners to discover, invent and produce new innovations. The Millennial Campus at The University of North Carolina at Greensboro was established to support innovative public-private partnerships, collaborative research projects, and enhanced University-community interaction in ways that are physically, economically, and culturally interwoven with the surrounding community. It was approved by the UNCG Board of Trustees and UNC System Board of Governors. The Foundation also endorsed a sub-ground lease of land from the UNCG Endowment Board.

The action to sub-ground lease the land identified as one property located at 842 W. Gate City Boulevard for the development of a new arts and culture focused building to be constructed by the Foundation. The scope of this project is to develop a new multi-purpose facility that will house a groundbreaking, collaborative, and experimental space focusing on the arts, culture, and community engagement. The proposed site sits at an important gateway to the campus and serves as a connection point to the Millennial District and surrounding municipality. As of June, the project has gone through a visioning and programming phase.

Future projects for the Foundation may include mixed-use multi-tenant buildings to be developed and owned by the Foundation, which will lease such facilities, to UNCG and to partner users. The Foundation may also be responsible for securing commercial financing and for management or operations of private-use or mixed-use facilities. In addition, facilities may be developed and owned by other partners, via ground leases, at fair market value.

Using the Financial Report

The Foundation's financial report includes three financial statements: the Statements of Net Position; the Statements of Revenues, Expenses and Changes in Net Position; and the Statements of Cash Flows. The Foundation's financial statements are blended in the UNCG financial report, and therefore, are prepared in accordance with the Governmental Accounting Standards Board (GASB) principles.

Statements of Net Position

The Statement of Net Position is a point-of-time financial statement that presents the assets, liabilities, and net position of the Foundation. The purpose of this financial statement is to present to the readers of the Foundation's Financial Report a fiscal snapshot as of the end of the fiscal year (i.e., June 30th). The Statement of Net Position presents both the current and noncurrent portions of assets and liabilities.

From the data presented, readers of this statement are able to determine the assets available to continue the operations of the Foundation. The Statement of Net Position also provides a picture of the net position (assets minus liabilities) and their availability for expenditure by the Foundation.

Statements of Revenues, Expenses and Changes in Net Position

The purpose of the statement is to present the revenues earned by the Foundation, both operating and nonoperating, and the expenses incurred by the Foundation, operating and nonoperating, and any other revenues, expenses, gains and losses earned or incurred by the Foundation.

Statements of Cash Flows

The final statement presented by the Foundation is the Statement of Cash Flows. This statement is divided into four parts and presents detailed information about the cash activity of the Foundation during the year. The first part deals with operating cash flows and reflects the net cash provided by (used in) the operating activities of the Foundation. The second section reflects cash flows from investing activities. This section reflects the interest income earned on invested cash. The third section reflects the cash flows from capital and related financing activities and reflects cash received from financing activities and amounts spent for capital expenditures. The fourth section reconciles the net cash provided by (used in) operating activities to the operating income or loss reflected on the Statement of Revenues, Expenses, and Changes in Net Position.

	<u>2020</u>	<u>2019</u>	<u>2018</u>
Net cash provided by (used in) operating activities	\$ 160,012	\$ (327,348)	\$ 448,245
Net cash provided by investing activities	406,924	31,542	32,974

Ending cash	<u>\$ 3,667,411</u>	<u>\$ 3,290,444</u>	<u>\$ 4,567,229</u>

The major source of funds included in operating activities is rental income from leases with UNCG. The major uses of funds included in operating activities are payments to vendors/suppliers and payments for interest expense to lenders. The major sources of funds included in capital and related financing activities are borrowings under long-term debt agreements. The major uses of funds included in capital and related financing activities are the acquisition and purchase of capital assets and payments on long-term debt.

Economic Outlook

The Foundation expects to facilitate further campus expansion by acquiring strategic land identified by the University, capitalizing on opportunities in pursuit of the UNCG Strategic Housing Plan and the UNCG Campus Master Plan. The Foundation will go through the process of being reimbursed for purchase amounts and associated costs or the Foundation will develop the property for the benefit of and master-lease to UNCG.

We believe that with the support and strong ties to UNCG, the Foundation's overall financial condition is able to weather most economic uncertainties.

The Foundation's financial statements are blended with those of the University.
